

TotalRecallVR Audio Player PC Application

Replay, export, share and check the integrity of recordings created by legacy and current generation Total Recall VR recorders.

- ✓ Replay all Total Recall VR file formats
- ✓ Waveform & timeline assisted replay
- ✓ Export to .mp3, .wav, .spx, .afic, .au ...
- ✓ E-mail as .mp3, .wav, .spx, .afic, .au ...
- ✓ Recording integrity check
- ✓ Offline operating mode
- ✓ Works with Windows® 7, 8 and 10
- ✓ One off license cost
- ✓ Complementary upgrades
- ✓ Complementary support

The screenshot shows the Total Recall VR Audio Player interface. At the top, there are buttons for 'Save As', 'E-Mail As', and 'Check'. Below these is a file path: 'C:\workspace\prolancer\trvr\components\recorder\client\test\data\med\prod\pcma.trc'. A table displays recording details:

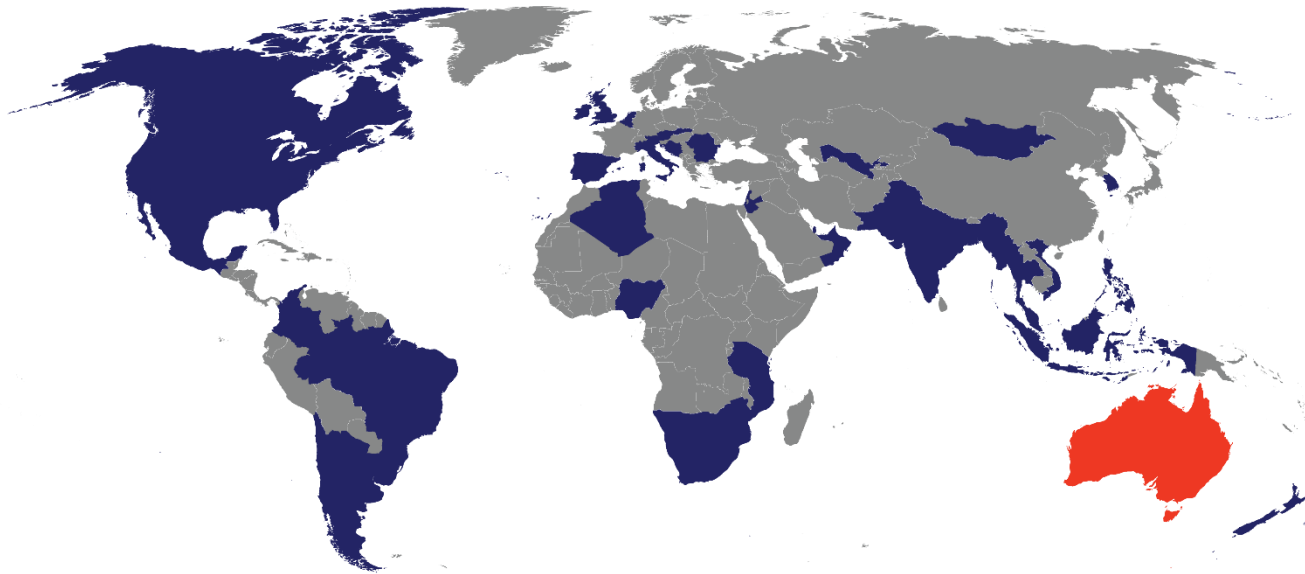

Start At	Duration	From Number	To Number	From Extension	To Extension	Direction	Flags
24 Oct 2011 14:50:32	00:00:09	123	122	123	122	Internal	

Below the table is a waveform display with a red audio signal. At the bottom, there are playback controls (play, stop, pause) and a progress indicator showing '00:00:04.933'. A status bar at the very bottom shows: 'File Size: 88.2KB | File Format: Total Recall VR TRC (.trc) | Media Format: A-Law, 8000Hz, 64Kbps, mono | Duration: 00:00:09.440'.

The screenshot shows an 'Integrity Check' dialog box with a green checkmark icon. The text inside reads: 'Progress: Checking C:\workspace\prolancer\trvr\components\rec... Media start time in headers ... OK. Streams in header ... OK. Media duration in headers ... OK. Sample checksum ... FAILED. ----- FILE CORRUPT OR COMPROMISED -----'.

The screenshot shows a 'Save As ...' dialog box. It has a 'File Format' dropdown set to 'Microsoft Wave (.wav)'. The 'Media Format' list includes 'Total Recall VR Alaw (.alaw)' and 'Total Recall VR Ulaw (.ulaw)'. The 'File Name' field is empty. The 'Progress' list includes 'MPEG Audio Layer-3 (.mp3)', 'Apple AIFF-C (.aifc)', 'Sun JavaWeb (.au)', and 'Ogg Speex (.spx)'. 'Save' and 'Cancel' buttons are at the bottom.

TotalRecallVR Audio Player PC Application

All Australian design,
development and
manufacturing.

Equally popular with
enterprises,
governments, utilities,
infrastructure, militaries
... world wide.
